## Management of Portfolios® Foundation Certification

## 3 Days

# Management of Portfolios complements existing Best Practice in portfolio, programme and project management.

Project portfolio management ensures that your organization selects and manages the projects and programs which make the best contribution to your corporate objectives. Portfolio managers do this by establishing a clear line of sight between strategy and delivery of the portfolio.

### **LEARNING OBJECTIVES**

This 3-day Foundation level course gives you an introductory understanding of the MoP method so that you can work confidently in a MoP environment.

#### At the end of this course, you will be able to:

- Explain the strategic and organizational context of portfolio management
- Describe the 5 Principles of MoP including governance alignment and the portfolio office
- State the 5 practices necessary for a successful Portfolio Definition cycle including prioritization, balancing and planning the portfolio
- Understand the 7 practices of a Portfolio Delivery cycle, including risk, stakeholder and financial management
- Identify appropriate portfolio roles and understand your responsibilities in delivering the portfolio successfully

#### MoP<sup>®</sup> helps organizations to:

- Choose the right projects and programmes, delivering a measurable contribution to strategic objectives
- Remove redundant and duplicate projects and programmes
- Realize benefits that align with corporate strategy
- Report effectively to improve transparency, accountability and corporate governance

#### WHO SHOULD ATTEND

- C-level executives including: CFOs, CAOs, COOs, CIOs and Executive / Senior VPs
- Senior managers responsible for long-term planning and strategy
- Portfolio / Program Office staff who manage portfolio delivery or enable portfolio level decision making
- Portfolio, Program or Senior Project Managers responsible for delivering change initiatives in the portfolio

#### PREREQUISITES

There are no prerequisites for this course. You should be working in or have a good knowledge of project portfolio management or be a senior project manager. You need to complete some study before the course.

#### **MATERIALS AND FEES**
